Profile Summary

Detail-oriented Full Stack Development student with a strong foundation in JavaScript, Node.js, and MERN stack technologies, including React.js, Typescript, MongoDB, Express. Passionate about designing and deploying user-focused web applications that deliver seamless functionality. Committed to enhancing technical expertise and collaboration skills to contribute innovative solutions to a dynamic tech team.

Core Skills

Hard Skills: JavaScript, TypeScript, Node.js, Express, React, MongoDB, Redux, HTML, CSS, Tailwind css, EJS, RESTful APIs, Git, Next.js (Beginner)

Soft Skills: Communication, Teamwork, Time Management, Problem Solving, Adaptability, Attention to Detail.

Projects

E-Commerce Platform | Node.js, Express, HTML, CSS, Bootstrap, EJS | 3 Months

- Built a functional e-commerce site with product listings, cart, and user authentication.
- Designed responsive UI using Bootstrap and integrated RESTful APIs.

E-learning Platform (Ongoing) | MERN Stack, Typescript, Redux | 2 Months

- Developing a platform with course management and user progress tracking.
- Using React for dynamic frontend and MongoDB for data storage.

Training

Brocamp | Full Stack Developer Training Program | 6 Months

- Engaged in a rigorous, internship like training program focused on MERN Stack technologies to build real-world web applications.
- Developed and deployed an e-commerce project, emphasizing backend logic and frontend responsiveness.
- Collaborated with peers to debug and optimize code, enhancing application performance.

Certifications

- Diploma in Software Engineering – Nirmalagiri Collage, Kannur 2023
- Full Stack Development (MERN Stack) – Brocamp 2024
